www.diversifiedproduct.com

Now you can remove and reuse most types of posts with your truck equipped with the Bemis Post Puller.

ECONOMICAL and EFFICIENT

- **HARD TO GET TO SPOTS EASILY REACHED**
Now you can reach over gullies, over guardrails, above or below grade level...and all those other hard to reach spots.
- **PULL MULTIPLE POSTS FROM ONE TRUCK POSITION**
The Pivot mount and extension cylinder allows you to pull more than one post without moving the truck.
